Learn strategies and tools to teach visually impaired learners

The Visually Impaired Learner (VIL) program is a nationally accredited graduate program to prepare teachers of students with visual impairments (TSVs), birth to 21, including those with multiple disabilities. Nationwide there is a critical need for TVIs, particularly in rural areas of the U.S. Portland State University offers the only program for TVI training in the Pacific Northwest using an innovative and flexible hybrid model.

Whether you are seeking an endorsement or pursuing a master's degree with initial licensure, you will acquire skills to provide high quality services to students with visual impairments and help them fully access the general education curriculum. Hands-on, field-based learning activities are included in most courses.
