Communities + Generations + Innovations

Age+ is the new 501(c)3 companion organization continuing JFRF’s work in Oregon. Age+, like JFRF, empowers communities through stimulating partnerships and innovative programs, such as our grandparents raising grandchildren initiative, and our housing and services program for rural, low income older adults. Oregonians are living longer, which calls for new intergenerational strategies to value and support older adults. Age+’s statewide aging advocacy and education efforts are shedding light on the great challenges that lie ahead if we don’t mobilize community resources to fill in gaps of care and services.

Join us to learn more and discover ways to engage in vital work and advocacy on behalf of older adults throughout Oregon.

March 5, 2019
4pm - 5:30pm

Portland State University
Parsons Gallery, 2nd Floor of the Urban Center
506 SW Mill Street
Portland, Oregon
