PSU’s Office of International Affairs (OIA) is hosting a series of events in annual celebration of International Education Week (IEW). IEW is an opportunity to celebrate the benefits of international education and exchange worldwide. This joint initiative of the U.S. Department of State and the U.S. Department of Education is part of our efforts to promote programs that prepare Americans for a global environment and attract future leaders from abroad to study, learn, and exchange experiences in the United States.
