**Courses Recommended for Adviser Approval:**

300 and 400-level literature courses taught by the World Languages and Literatures Department and 300 and 400-level courses directly related to Latin America, Spain, or other countries or populations of Hispanic heritage.

**Education Abroad:** PSU has many EA programs that can be used by Spanish majors and minors. Financial Aid can be used to pay for EA. Credit: If the content of an EA course matches the content of a PSU course, it will be transferred to the major or minor using the equivalent PSU course number. If the content doesn't match, the course will be given a number of 199, 299, 399, 404, 408 or 410. Some of these courses can be used in place of required courses. EA courses cannot be assigned a number higher than 410. The amount of credit received is based on the number of contact hours in the course. Courses are evaluated for credit and number after you complete your EA program. Please meet with an adviser at the Education Abroad office for more information.

**IEEE Internships Abroad:** PSU has many internship opportunities available in Spanish speaking countries. Interns may receive up to 12 credits of PSU credits for participation in an internship. Participants in Spanish speaking countries will automatically receive 4 P/NP credits of SPAN 404. In order to receive a letter grade, prior arrangements must be made with the **Head of the Spanish Section**. Additional credits may be provided by departments who represent the discipline of the internship. Please meet with an adviser at the Education Abroad office for more information.
